Freedom Works Gatwick are STILL open - But, please contact us in advance at info@freedomworks.space - as we do not have a Community Manager on site - but can provide specific solutions. When the non essential travel Lockdown is lifted we will be delivering pre-vaccine standard workspace and solutions;

1. **Low Density & Social Distancing Workspace** - We'll focus on a low/managed density, increased cleaning and 'social distancing' protocol in all of our spaces when we return, which we'll maintain until pre-vaccine time
2. **Low Cost On-Boarding to Help Start Back** - We'll offer flexible 'on-boarding' terms. Currently we demand NO deposits and the first Qtr in advance, but this will be moved to just Monthly in Advance - so, the cost barrier to move / join us will be removed.
3. **Above and Beyond Community Support** - We'll continue to deliver the community support, with a wellbeing focus, rather than just a 'roof over the head' service, which has maintained our 4.9 Google review for our Manor Royal space

Stay safe - The Freedom Works Team
